DISCLAIMER OF WARRANTY - KM

The KM kit has been designed exclusively for competition use.

It is not homologated for use on public roads, streets, or highways and must never be operated outside closed circuits.

Its use is restricted to authorized competitive events and it should only be ridden by riders with sufficient experience.

It is not recommended for general off-road recreational use or for individuals without training in competitive riding.

Improper use of this motorcycle may result in serious injury or death.

This model is intended for experienced riders and is therefore not suitable for beginners.

As the owner, it is your responsibility to ensure that the KM is always maintained in proper operating condition.

The kit has been developed for riders weighing less than 220.5 lbs (100 kg), including protective equipment, thereby maintaining the same specifications as the original motorcycle.

It must not be used by riders who exceed this weight limit.

The rider must always wear appropriate protective equipment (helmet, gloves, boots, body protection, etc.) whenever operating the KM.
